Overview

The Audit Committee Certification ("A.C.C.") Program, like CGTI's Chartered Director* program, is raising the bar of professionalism in Audit Committees across the Caribbean. This 'gold standard' director education program enhances a board's financial oversight and decision-making and adds unparalleled value for Audit Committees in the Caribbean.

Program Structure

The Audit Committee Certification Program consists of 4 on-line modules of approximately 3.5 hours in duration each delivered live, with interactive presentations from global governance gurus. It's the same as our in-person program, only on-line, with live interactive presentations from global governance gurus. And it's still the same dynamic educational initiative which focuses on the latest and best audit committee practices that Caribbean Board Members need to know, if they are to competently carry out their oversight role as "financial stewards" of their organization's precious resources as monitors of financial risks. This is an essential opportunity for members of Audit Committees and those who serve Audit Committees to maximize their effectiveness and bring their governance expertise to 21st Century governance standards.
