

Governance Essentials Masterclass

Why do racing cars have brakes?" The answer is not to slow them down, it is to let them go faster safely. Governance is the braking system that enables organizational speed and confidence.

A 2-Hour Course about what board members need to know

Program Overview:

- **Built for Boardroom Leaders:** Designed for new and serving directors, executives, and governance professionals seeking stronger boardroom knowledge.
- **Interactive Learning:** Expert-led lecture, discussion, and practical exercises focused on real-world governance.
- **Governance Essentials:** Explore fiduciary duties, strategic oversight, risk management, and the board's role in organizational success.
- **Practical Boardroom Insight:** Learn the difference between governance and management while improving decision-making and accountability.

Module 1: What a Board Does

Understand the board's core responsibilities and its role in organizational success.

Module 2: Fiduciary Duties

Learn the legal and ethical duties every director must uphold.

Module 3: Governance vs. Management

Discover the difference between oversight and day-to-day operations.

Module 4: Risk Oversight

Explore how effective boards identify, assess, and manage organizational risk.

Module 5: The Effective Director

Gain practical habits and insights that define strong, high-performing directors.

Cover governance, strategy, risk oversight, and effective board leadership.

Take the Next Step Toward Stronger Governance

This 2-hour masterclass provides the essential governance foundations every effective board member should know.

Marcel D. Mongeon
Lead Speaker

An experienced governance and legal professional with over 30 years of expertise in strategy, negotiations, mediation, and boardroom leadership, bringing practical real-world insight to the masterclass.
